Lady Bulldogs Gain Experience Under New Coach

This was a year of re-building for the girl's team. Under the leadership of a new coach the girls were given the opportunity to develop their basketball ability. They faced a tough season that brought some disappointments, but also brought a greater challenge that made the victories sweeter.

Sentinel Jr.-Sr. High Track Team

Coach Suanny helped the girls start in this new program.

Track is a new program for our girls. They soon realized that it was a lot of hard work. The girls attended track meets at Lawton, Hobart, and Chickasha. Several of the girls came back with medals they had won. We hope the track program will continue to grow with each year.

Jana, Robin, and Annie represented us in the shot put.

More stretching exercises!

Cheerleaders Have Great Spirit

The High School Cheerleaders worked hard under the supervision of Karen Mincher. They attended Thunderhawk Cheerleading Clinic at Norman in June. During the fall they sold pop and candy at the baseball games. The Cheerleaders led pep assemblies before many ball-games. They also presented a pom pom routine at the Homecoming Ceremony. The girls were very instrumental in the success of the Sentinel Bulldogs.

This year the Junior 4-H group attended an awards banquet at Cordell. They also participated in Share the fun at Cordell and won first. The Junior 4-H entered the Dress Review at Burns Flat, Demonstration contest at Sentinel, Bicycle Rodeo at Sentinel, Live Stock Shows in Sentinel, Cordell and Oklahoma City. They had a very full year and enjoyed it all.

Students Enjoy Special Education

Mrs. Mack Hulin is the migrant teacher. Her aids are Lucille Johnson in the morning and Shelia Winningham in the afternoons. Health hygiene is practiced in the classroom, field trips are made, and each student has dental checkups. The Migrant Student Transfer System is kept on all students and is a ready source of information on incoming students. When the students move away the teachers in the new school are supplied with dental records, immunizations records, and test data from the Sentinel School.

Shelia Winningham overlooking the students while they study.

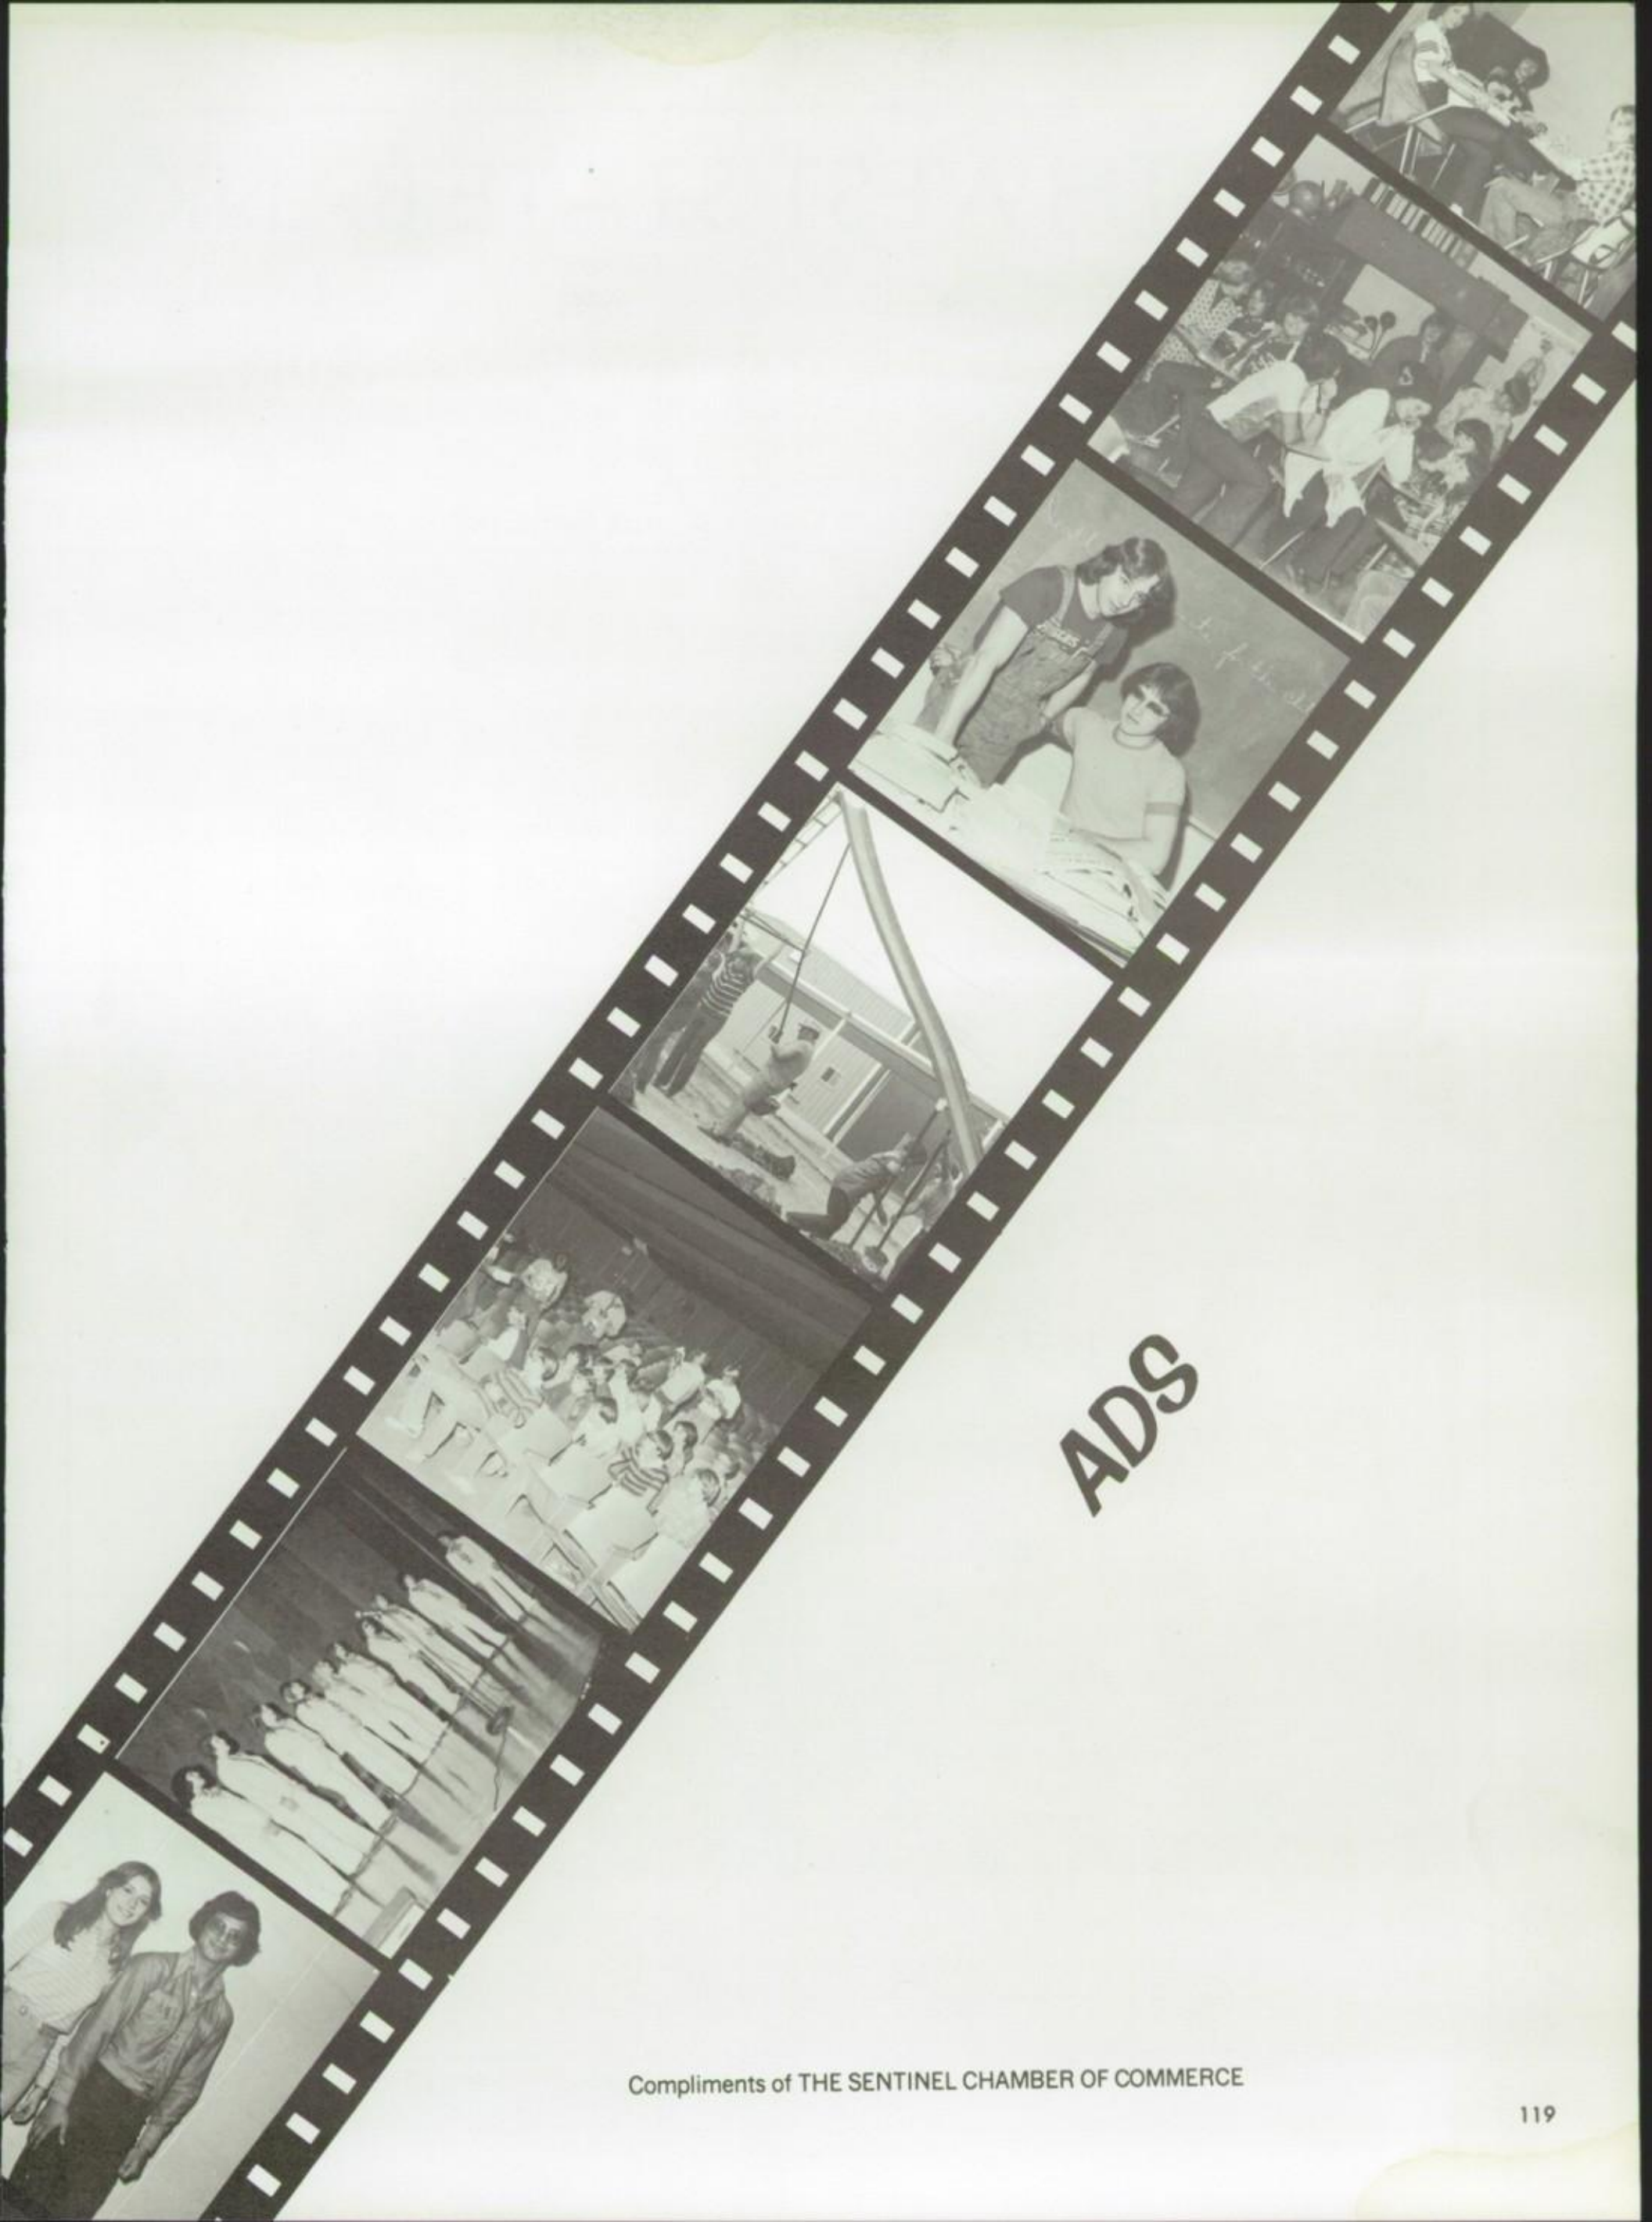

Susan Hurley giving a puppet show.

Mrs. Hulin's class has fun too.

Reading is an important part of education.

This book has been about responding to the challenges of being yourself . . . possessing that glow of individuality, the expression of qualities that are uniquely your own. All of the elements are there; the puzzle piecing them together, producing that mosaic style that is Sentinel High alone.

On the preceding pages you have seen a group of people, each of whom has mastered the skill of being themselves. Your achievements, all distinctly individual, personally illustrate "You Just You, Me Just Me."
